- B. Baggage handler
- C. Security guard
- D. Engineer
- E. Terminal duty manager

1.E

I deal with all kinds of things - including passenger complaints, VIP and celebrities visits, air conditioning failures and terminal staff contracts. You'll see me walking around the airport and talking to people on my mobile.

2.B

I have to be really fit doing this job, because I have to carry a lot of bags and suitcases every day and put them on the baggage trucks. I like people I work with, but I can't stand shift work – I hate working at nights

3.D

There are many different problems I have to manage – ventilation, escalators, lifts – I get really busy sometimes. I don't fix it all by myself, of course – I have to manage a team of manual workers.

4.C

It's not as interesting or dangerous as people think. There are many rules and procedures I have to follow when we check people's documents and baggage. My work can be quite physical – sometimes I have to deal with passengers who are drunk or violent and that's not nice.

I work shifts, but it's ok with me. We often get super busy, especially when there's a delay and many hungry and thirsty people come over to kill time and their hunger. 6.A
